Our School. Your Local School

Lurnea Public School has a proud tradition of teaching children to be safe and respectful learners in a positive environment. The school has many achievements in sport and performing arts and is fast becoming a contemporary school of excellence in innovative teaching and learning methods using technology.

Lurnea Public School recognises and develops the potential of each child in a happy and safe learning environment. The school serves a dynamic and exceptionally supportive community from diverse cultural backgrounds. Many specialist programs are offered to our 418 students, including a preschool dedicated for local children and a support unit to cater for children with unique learning needs.

We are fortunate to have deeply committed and experienced staff with outstanding qualifications and training. At our school we believe in welcoming everyone, regardless of background or situation, into our caring school community. We pride ourselves on being friendly, approachable and organised. Our goal is to continue to be at the cutting edge of education to ensure we are providing a world-class education to each and every student.

We offer:
- Innovative teaching and learning programs that are rich in Information Communication and Technology (ICT)
- Stimulating learning environments within air conditioned classrooms
- Interactive whiteboards and connected classrooms
- Programs to support children with additional learning needs
- A well equipped Computer Lab with supervised Internet access
- Specialist teachers to support students who speak English as a Second Language
- Safe, secure and attractive playgrounds
- A fully integrated preschool, giving children the best possible start
- A Red Cross Breakfast Club and access to an After School Care service
