Have your say on our school plans for 2015!

We are currently in the process of developing our School Plan for 2015 and beyond. There are many programs and initiatives in place at Lurnea Public School and we would love to hear your views on them. Parents and carers will be asked about what they like and what they think should be changed to make our great school even better. The information provided by parents and carers will be added to the feedback gained from students, teachers and staff. This will ensure that the school plans developed are representative of the needs of students and school community.

Date:       Wednesday 10 September
Time:       9.00 am – 11.00 am
Where:      D Block

We look forward to seeing you! Morning tea will be provided.
