23 October 2013

Dear Parents and Carers,

Gala day sport organised for Friday this week has been cancelled due to concerns about air quality brought about by the bush fires. The Department of Education and Communities has issued a directive requiring schools to restrict the amount of physical activity students engage in. As a result, Friday 25 October Gala Day round has been postponed. We will provide the rescheduled date when we are provided with these details.

This impacts also on sports activities that were planned for students to participate in at school. We will continue to closely monitor and follow advice regarding the current air quality due to bushfires, particularly for the remainder of the week. Please ensure that students who are asthma sufferers bring their relieving medication to school.

Should you require any further clarification please contact the office.
